

SS 2014

New Seminar:

Recent Advances in Numerical Modeling and Simulation

BI: Wahlfach W35
CompEng: Optional Course

Time: **16:00 – 19:00**

Room: **03/610**

Topics: (Topics are subject to change)

Friday, June 6th: **Isogeometric Analysis**

Friday, June 20th: **Simulation of non-local material models using the Thick Level Set (TLS) approach**

Friday, June 27th: **High performance computing using GPU**

Friday, July 4th: **Extended Finite Element Method**

Friday, July 11th: **Student Presentations**

Friday, July 18th: **Computational Biomechanics of the Human Eye**
